27 SEPTEMBER 2024

**DR. ALFRED NG, CEO OF SUGA,
ATTENDS ENTREPRENEURSHIP EVENT FOR HONG KONG AND MACAO YOUTH**

SUGA International Holdings Limited ("SUGA" or the "Group", stock code: 912), a leading electronics total solutions provider that also operates a pet food and pet accessories business, announced that the Group's Chief Executive Officer, Dr. Alfred Ng Man Cheuk, was invited as a featured guest speaker to attend the opening ceremony of an entrepreneurship event for Hong Kong and Macao youth and the celebration of the 25th anniversary of Macao's return to the motherland on 23 September in Hengqin, Zhuhai.

The event was jointly organised by the Hong Kong and Macao Affairs Office of the People's Government of Guangdong Province, the Executive Committee of the Guangdong-Macao In-Depth Cooperation Zone in Hengqin, the HKSAR Government's HYAB and the Macao Special Administrative Region Government's Education and Youth Development Bureau, with the theme "New Quality Productive Forces Strive for High-quality Development", aiming to support and promote the development of young people in Hong Kong and Macao. The event brought together approximately 210 young entrepreneurs and youth representatives from Hong Kong and Macao to discuss the historic new opportunities for promoting high-quality development through "new quality productive forces".

Dr. Alfred Ng, the Group's Chief Executive Officer, shared his knowledge of and experience in "new quality productive forces" and youth development in Hong Kong and Macao with the region's young people. Dr. Ng said, "The aim of developing 'new quality productive forces' is to fully harness the spirit of innovation so as to advance the country's economic development technologies, and propel China's economic development to a new level. Taking advantage of various supportive policies and opportunities for the integrated development of the Guangdong-Hong Kong-Macau Greater Bay Area, we will fully commit to innovation and actively complement national development plans. We have also strictly adhered to the 'China Plus One' strategy, and our production plant in Dongguan is handling a large number of orders from the Mainland China market. Looking ahead, we will continue to explore business opportunities in the Greater Bay Area and Mainland China, and contribute to the development of 'new quality productive forces' in the region."
